

CYBERSECURITY AND INVESTIGATIONS DIPLOMA

PROGRAM OBJECTIVE

This program prepares students to an exciting field of cyber security. The world has seen a sharp rise in cyber crime, which is affecting businesses and governments across the globe. However, the skilled personnel to combat these crimes are almost nonexistent and as such, there is the need to train and develop manpower for such shortfall. The training will build the students capacity in networking security, fraud analysis, cyber-crime investigation and digital forensics.

COURSES

- Operating System Concepts
- Network Administration Fundamentals
- Managing and Maintaining Wireless Security
- Managing and Maintaining Web Security
- Investigating High-Tech Crime
- Incidence Response and Disaster Management
- Digital Forensics
- Investigating White Collar Crime

CERTIFICATIONS

- **CCE** (Certified Computer Examiner)
- **CHFI** (Certified Hacker and Forensic Investigation by EC-Council)

ENROLMENT INFORMATION

To register in the Cybersecurity and Investigations Diploma program, go to <https://www.wilfredinstitute.com>. Under the **Programs** tab, there will be an enrolment form at the bottom of the page. Students wishing to enroll must complete this form and wait for a member of our team to make contact. Students should be prepared to present supporting documents providing proof of a high-school diploma or equivalent and the Criminal Record Check. Any questions regarding academic requirements and the submission of documents (once requested by our Admissions staff) are to be directed to admissions@wilfredinstitute.com.
